Good evening !! I wanted to update you on the past weekend. I sang Friday night in Johnstown, PA with The Masters. John's new members Lois and Regina did a great job. The rain forced our outdoor event inside to the next door Fire Hall. Then on Saturday, I sang at the annual Three Springs Ice Cream Festival (my 14th year in a row) The homemade ice cream was to die for. I had grape-nut. Then I started getting sick (sinus/laryngitis) and barely made it through Sunday morning concert at Warfordsburg, PA. Jordan actually had to be my back up. He stood and sang most all the songs with me.

I then traveled to Somerset, PA and Abundant Life Christian Center. The small church was packed and the audience just waiting to hear me sing !!!! What they heard was Jordan trying his best to fill in for me because by then, my voice was totally gone. Jordan did a great job singing.

Now he wants his own CD !!

Here's where I'll be this week . . . . .
